

NEW LIFE FOR GIRLS

MINISTRY IN ACTION

LOVING, CARING, AND SHARING SINCE 1972

AUGUST 2009

Hello, my name is Tyree Smith. I am 41 years old, from Annapolis, Maryland. I have three beautiful children, Andrea, Samuel, and Donna, as well as three grandsons. My mother, a woman of faith and determination is the one who raised me and my brother Tyron. My father was and still is addicted to crack, I attended Catholic school when I was young. When I started public high school, my life began to spiral out of control. I was introduced to cocaine, pot, and eventually crack, I became pregnant when I was a freshman. In spite of my addiction, I did complete high school, went to college, and obtained a nursing certificate. I was in and out of jail, prison, and treatment facilities for the major part of my adult life. I felt hopeless and miserable, acting more like my dad than I ever wanted to. After years of being so lost, with doors closing in on me, my good friend and pastor, Rev. Marshall gave me the number to New Life For Girls. I entered the program on July 10, 2008. I found out one month later that there was a bench warrant for my arrest. I was facing twelve years from prior drug charges. I went to court and the judge released me with unsupervised probation, allowing me to continue on the new path I had just started. I thank God for His faithfulness, for taking me out of bondage, and for never giving up on me. It is only because of His grace that I have the victory today. Please pray for me as I continue this journey with my Heavenly Father. The scripture I stand on is Phil. 4:13 - I can do all things through Christ who strengthens me. May God Bless You!

Have you ever wandered through a summer garden of brilliant colored flowers and thought to yourself how absolutely stunning is God's creative power? The next thing you'd want to do is step a little closer to the flower and enjoy the beauty of it. We get to do that every day with people! It is a wonder to watch lives transform from one day to the next. Just like a flower...people take time and effort to grow. But once they bloom.....now that's something to see and enjoy!

We thank the Lord for Tyree and for all of the women and children here at New Life For Girls. We are blessed and privileged to be a part of their lives. For those of us who work here in this ministry, there is absolutely nothing that can compare with the reward of seeing a person turn their life around, not even a garden in full bloom!

Please consider a gift this month to help with the work here at New Life For Girls. We love and appreciate you and the sacrifices so many have already made to be a blessing to us. Together, as we each do what we can....no need shall go unmet.

AMEN!

**NEW LIFE FOR GIRLS
2ND ANNUAL MOTORCYCE RUN
AUGUST 22ND
STARTING POINT: YORK COUNTY
ENDING POINT: LANCASTER COUNTY**
