

# NEW LIFE FOR GIRLS

MINISTRY IN ACTION

LOVING, CARING, AND SHARING SINCE 1972

JUNE 2010

*My name is Kala and I'm 22 years old. I was saved and born again at a very young age. I grew up fearing God, knowing that I could never be a perfect Christian. For years I walked down a very dark road. My heart was hollow, and I tried to fill it with sex, alcohol, drugs, a cutting disorder, and eventually ended up addicted to heroin. On May 27, 2009 my life came to a sudden stop. I was arrested for possession of heroin. I was depressed, suicidal, and withdrawing from drugs. God sent someone to me who told me how much God loved me. One month later I walked through the doors of New Life For Girls. God grabbed hold of my heart and I was delivered immediately from all depression and drug-related illnesses. The emptiness that once consumed my life has now been filled. I know that my Heavenly Father will always be right there for me. My new life has just begun and I trust God above all else. I want to give Him back what He has given to me, which is my life. This Father's Day I have been adopted into the family of God, and I am so thankful that for the first time in my life, I can rest in the loving arms of my daddy above!*

*This Father's Day we honor all fathers and pray God's blessing to be manifested in your lives and in the lives of your children. We especially pray for fathers whose children may be suffering from drug addiction, alcoholism, or other life-controlling issues. We hope that you are encouraged by Kala's testimony and that God will do for your child what He has done for Kala.*

GOD BLESS YOU

HAPPY FATHER'S DAY

## BUILDING PROJECT UPDATE

The water tanks needed for the upstairs sprinkler system are on order. When the sprinkler system is operable, and all other details pertaining to Phase I are completed, we can then obtain a partial occupancy permit which will enable us to utilize the family visitation/recreational wing, and the computer room. We are yet in need of the monies to pay off the cost of building Phase I. While this is a major financial need, we cannot help but to be reminded of how faithful God has been throughout all these years. It is true that our faith is being tested and tried in the midst of this effort to see the words "paid in full" on paper.

Having said that, we are reminded of the debt that Jesus paid when His blood was shed for the remission of our sins. There is no greater freedom than the kind experienced by one who knows that all of their sins have been forgiven. To live a life free from the bondage of sin and to know that this debt has been paid in full is priceless. This project has always been about providing more room for forgiven people to be restored and made whole, set free to live productive and abundant lives. If you know what it is like to be set free, would you consider a gift today that will go towards this project, or general operating expenses?

*THANK YOU!*

## CHOIR MEETINGS
